Introduction

- Big Picture or Main problems leading to conduct the study:

Introduction

- Knowledge Gap

Objective(s)

Methods

- Study type:

- Study population and sample size:

Methods

- Data collection Method:

- Data collection tools:

Methods

- Data analysis

Results

Discussion

- Main finding of the study

Discussion

- Comparing the study results with other relevant studies

Discussion

- Strength and weakness of the study

Discussion

- Implication of the study

- Future plan:

- Recommendation

Conclusion

My comments and evaluation of the study
